Innovation in Housing & Sustainability

October 11-13, 2019
Madonna Event Center Meadow

Partner with us to present the first annual Tiny Footprint Expo--a showcase for innovation in the fields of sustainable energy, mobility, food and housing--and share the excitement of the City of SLO's newest housing option--tiny homes on wheels in backyards. Tiny house festivals throughout the country draw big crowds (first year expos in Florida and Georgia recently attracted 40K & 60K visitors) so your company's leadership in this emerging sector will receive strong exposure to local and regional visitors interested in solutions and community empowerment.
